

Ugborough Village Hall Has Increased The Height Of It's Kitchen/Main Hall Serving Hatch!

Ugborough Village Hall has now increased the head height of its serving hatch between the kitchen and the main hall including providing supporting grab rails for Users on the main hall side of the hatch, levelling through the worktops, associated redecoration works and a Perspex Covid-19 protection screen. The work was completed by T J Smith (building works) and Martin Dobson (worktops and redecoration) and supported by local building surveyors Croft Surveyors.

The Hall Committee would like to thank those that helped, in particular Ugborough Sustainable Saturdays Bring and Buy Table, Ugborough Parish Council, Devon County Council and Lottery Awards for All Community Fund.
